BEYOND BEAUTIFUL: CREATIVE DESIGN THAT TRANSFORMS

With endless inspiration online, “a look” is easy to find. What clients truly seek—and what keeps them loyal—is a designer who delivers deeper value: strategic insight, authentic partnership, and a vision they could never create themselves.

Join **Shea Soucie** of Soucie Horner Design Collective and **Marcus Mohon** of Mohon Interiors for a dynamic conversation on how to move past aesthetics and create design that transforms. From reframing cost vs. value to anticipating the needs of a new generation of clients, this session explores how designers can stand out, build trust, and secure lasting relationships in an increasingly competitive market.

Followed by a reception at **David Sutherland**.
